

the day before. Some were pharmacists or technicians who self-reported. Others were reported by colleagues. If you ever need help or have a coworker that needs help, call the Board. And just remember, finding a job is hard, finding a new career is harder. He closed by welcoming and congratulating the candidates.

Asking for questions from the candidates for licensure and hearing none, the interviews concluded with **PRESIDENT MCCONAGHY** welcoming each candidate to Alabama.

On a motion by **PRESIDENT MCCONAGHY**, second by **MEMBER DONNA YATEMAN** and a vote of ALL AYES, Alabama licensure was granted to 47 candidates for pharmacist licensure pending completion of necessary forms, payment of fees, and collection of funds.

At 1:50 p.m., the Board Meeting adjourned.

some questions most commonly presented to the Board Office for clarification. It is easier to ask for permission than forgiveness. Don't ever be afraid to reach out to any one of us. Congratulations.

**MEMBER DAVID DARBY** introduced himself as an Auburn University graduate. He informed the candidates that he was elected as a candidate at large for a five (5) year term beginning January 1, 2014. He has lived in Andalusia around thirty (30) years and currently he and his wife, who is also a pharmacist, opened their first pharmacy in 1997 and their second a couple of years ago. Prior to owning his own pharmacies, he worked his first fourteen (14) years for a chain retail pharmacy. Mr. Darby then moved on to the issue of drug diversion. It is a real problem, but not a new problem. His first encounter with diversion was as a district supervisor. One of his pharmacists had taken one-hundred & fifty (150) pints of Tussionex over six (6) months. Later in his district supervisor role, he had to confront a technician who had taken over 100,000 Lortab. That is when it really hit home with him what a problem this is and how colleagues could escape suspicion and be capable of such erroneous behavior. He advised the candidates that these types of situations can take place in retail, hospital, mailorder...any setting. Everyone has a system in place, but the system fails. We, as pharmacists, must maintain vigilance.

**VICE PRESIDENT TIM MARTIN** introduced himself and informed the candidates that he is the institutional pharmacist appointed by Alabama Governor, Robert Bentley. He is the Director of Pharmacy for four hospitals within the DCH Hospital System. Locations include Tuscaloosa, Fayette, Carrollton and Northport, Alabama that combined has a total of 1,000 beds. He is in his fourth year of serving on the Board. Licensure candidates were informed that pharmacy is an "at risk position". A recent survey of health professionals included pharmacists, nurses and doctors, indicate that 1 out of 6 will become impaired. Be an exception, not a statistic. Don't settle for average. He informed the candidates of the Board of the Pharmacy Wellness Program and of the tremendous job of the Program's Administrator, Dr. Mike Garver. He stated that the Board had heard nineteen (19) cases

to evaluate and make justifiable decisions when filling each prescription. You do not blindly fill prescriptions just because a physician wrote them. We are in a critical place in healthcare. Make sure you understand the laws and rules because the Board will treat you like an Alabama based pharmacist once you receive your license. To be a pharmacist is an honor and a privilege.

**PRESIDENT DAN MCCONAGHY** introduced himself stated that he was from Satsuma, Alabama and informed the candidates that his position on the Board is an at-large position and is voted on by all licensed pharmacists in the State of Alabama. His father was a pharmacist and the family has owned the pharmacy since 1952. Dan said he had experience in many branches of pharmacy including independent pharmacy, home infusion, nursing homes and hospitals. He instructed the candidates to read the Supervising Pharmacist Rule, 680-X-2-.12, to become aware of the specific responsibilities in case one or more of them are offered and accept this designation. Become involved in national, state, and local pharmacy associations. This allows you to have a voice and often know what is coming down the pipeline prior to it taking place. Pharmacy is a profession; not just a job. Also, be aware of out of state recruiters asking you to serve for their out of state pharmacy with your Alabama pharmacy license. This may compromise your license and your career. He closed by welcoming and congratulating all the candidates to Alabama.

**TREASURER BUDDY BUNCH** introduced himself and informed the candidates that he was appointed by Governor Bentley to serve as the community pharmacist representative. He is now his third year on the Board. He began work with Harco Pharmacy in 1980 and in 1997 opened his own pharmacy, Bunch Pharmacy, in Guntersville, Alabama. He advised the candidates 'don't get into bad habits'. You may work under or with a pharmacist that has gotten comfortable bending or breaking the laws or may not even remember the law. Pharmacists must stay aware of changes and modifications to the laws. For newly graduated candidates, Mr. Bunch reiterated to use common sense. If a CII prescription doesn't look right, don't feel obligated to fill it. He reminded the candidates that the ALBOP website has a wealth of information on it including a Question& Answer section which should answer

**TREASURER BUDDY BUNCH** introduced himself and informed the candidates that he was a community pharmacist and began his second year on the Board in January. Mr. Bunch informed the candidates that he was a Samford graduate. He advised the candidates 'don't get into bad habits'. If you go to work for someone who has been practicing pharmacy for a long time and feel that they are violating any law or rule of the Board of Pharmacy, directly contact a Board Member or the Board Office for clarification. He advised the candidates to use their professional judgment when filling a prescription, and to make sure that the order makes sense. It is easier to ask for permission than forgiveness. Mr. Bunch encouraged the candidates to join a professional organization to help stay up to date with practice. Mr. Bunch welcomed the candidates to the practice of pharmacy in the state of Alabama.

**MEMBER DAVID DARBY** introduced himself, informed the candidates that he was a graduate from Auburn University. He informed the candidates that he serves in an elected position, explaining that the board is comprised of 2 elected positions, and 3 appointed positions. He has lived in Andalusia approximately thirty (30) years and currently he and his wife, who is also a pharmacist, opened their first pharmacy in 1997 and their second a couple of years ago. He informed the candidates that he feels that a good pharmacist is a good pharmacist, no matter the practice site. He advised the candidates of the various types of drug diversion cases that the Board hears on the Tuesdays before the business/interview meetings on Wednesday. Mr. Darby informed the candidates of two cases of diversion that he has experienced in his practice site. He advises the candidates that typically technicians divert drug to sell, while pharmacists divert drug to take. The diversion can range from the pharmacy employee placing drugs in the pockets of their smocks to being carried out with the trash to be picked up by another individual. Be aware! Spend a significant portion of your time knowing what's going on in your environment. Mr. Darby spoke briefly on the BOP's Wellness program, saying that the success rate for the program is very high, and encouraged those needing help to seek it.
