SUSAN ALVERSON, RPh Secretary

Mr. Darby informed the candidates of two cases of diversion that he has experienced in his practice site. He advises the candidates that typically technicians divert drug to sell, while pharmacists divert drug to take. The diversion can range from the pharmacy employee placing drugs in the pockets of their smocks to being carried out with the trash to be picked up by another individual. Be aware! Spend a significant portion of your time knowing what's going on in your environment. Mr. Darby spoke briefly on the BOP's Wellness program, saying that the success rate for the program is very high, and encouraged those needing help to seek it.

TREASURER BUDDY BUNCH introduced himself and informed the candidates that he was a community pharmacist and began his second year on the Board in January. Mr. Bunch informed the candidates that he was a Samford graduate. He advised the candidates 'don't get into bad habits'. If you go to work for someone who has been practicing pharmacy for a long time and feel that they are violating any law or rule of the Board of Pharmacy, directly contact a Board Member or the Board Office for clarification. He advised the candidates to use their professional judgment when filling a prescription, and to make sure that the order makes sense. He discussed the Board's enhanced website and spoke briefly of the Q&A section which should answer some questions most commonly presented to the Board Office for clarification. It is easier to ask for permission than forgiveness. Mr. Bunch encouraged the candidates to join a professional organization to help stay up to date with practice. Mr. Bunch welcomed the candidates to the practice of pharmacy in the state of Alabama.

PRESIDENT DAN MCCONAGHY introduced himself and stated that he was from Satsuma, Alabama and informed the candidates that his position on the Board is an at-large position and is voted on by all licensed pharmacists in the State of Alabama. His family has been in the practice of pharmacy and owned a pharmacy since 1952. He has worked in various fields of pharmacy including independent pharmacy, home infusion, nursing homes and hospitals. He instructed the candidates to read the Supervising Pharmacist Rule, 680-X-2-.12, to become aware of the specific Responsibilities, including security, maintaining licensure, and record-keeping, in case one or more of them are offered and

TREASURER BUDDY BUNCH introduced himself and informed the candidates that he was a community pharmacist and began his second year on the Board in January. Mr. Bunch informed the candidates that he was a Samford graduate. He began work with Harco Pharmacy in 1980 and in 1997 opened his own pharmacy, Bunch Pharmacy, in Guntersville, Alabama. He was appointed by Governor Robert Bentley as a representative of independent pharmacy. He advised the candidates 'don't get into bad habits'. If you go to work for someone who has been practicing pharmacy for a long time and feel that they are violating any law or rule of the Board of Pharmacy, directly contact a Board Member or the Board Office for clarification. He advised the candidates to use their professional judgment when filling a prescription, and to make sure that the order makes sense. It is easier to ask for permission than forgiveness. Mr. Bunch encouraged the candidates to join a professional organization to help stay up to date with practice.

ATTORNEY JIM WARD explained that the board existed to protect the public of Alabama, and did not exist to protect pharmacists in Alabama. He informed the candidates that he has been practicing law for 41 years, and this is his favorite client to represent. He informed the candidates of the facts of a case in which the pharmacist acted in a dangerous manner. He informed the candidates to use common sense when practicing pharmacy or they may end up before the board for disciplinary action. He stated that pharmacists are the last stop before a medication reaches the patient, and that it was an important step. He stated that since all of the candidates were here for reciprocity, that he expected them to know the laws regarding the practice of pharmacy in Alabama.
